Sort animal clues without guessing

What happens when a grouping rule meets a missing detail?

My four cards

Write or sketch the supplied features. Mark D's hidden covering as unknown.

Rule one

Group by covering. Which card needs an unknown place?

Rule two

Group by stripes or spots. Which cards change companions?

Supported and unanswered

Write one supported statement and one question these descriptions cannot settle.

Keep it, change it or leave it here. Sharing is optional.
